

An architectural rendering of a modern building complex. The central focus is a tall, slender skyscraper with a curved, glass-clad facade that reflects the sky. To its right is a shorter, wider building with a distinctive green, textured facade featuring a grid of rectangular protrusions. Further right, another building with a blue-tinted glass facade is visible. In the foreground on the left, there is a traditional-style building with a red-tiled roof and yellow walls. The scene is set in an urban environment with trees, a street with cars, and a body of water in the background under a clear blue sky with light clouds.

Sky Building
